ASSESSMENT:

(How will you assess the students' learning? If you have a rubric, record it here. Be as specific as possible.)

Students will complete a worksheet which includes answers from the powerpoint and a writing portion for higher level thinking skills.

CREDITS (INCLUDING CONTACT INFORMATION):

(Record the names and e-mail addresses, if possible, of those who contributed to the development of this learning activity.)

Andrea Horken ahorken@mcgregor.k12.mn.us

COMMENTS:

(Have you taught this learning activity before? What are the great ah ha's/experiences you had?)

Interactive powerpoint is a great tool to use, because it allows you to control the places where your students have access to, while being very specific to your needs.
